Projects

Full Stack Instagram Clone — ReactJS, React-Router-dom, Redux, NodeJS, ExpressJS, WebRTC, SocketIO, MongoDB, Cloudinary, Firebase

Developed an Instagram clone using the MERN stack with WebRTC for video/audio calling and Socket.IO for real-time chatting. Features include secure authentication, media storage via Cloudinary, post creation, likes, comments, follow/unfollow, and customizable profiles. The project showcases expertise in full-stack development, real-time communication, and building scalable, user-friendly social media applications.

College Management System — ReactJS, React-Router-dom, Redux, NodeJS, ExpressJS, MongoDB, Cloudinary

Developed a College Management System using the MERN stack, enabling efficient management of students, courses, attendance, and results. Features include secure authentication, role-based access, real-time data updates, and dynamic dashboards. This project highlights expertise in full-stack development, creating scalable, user-friendly applications for streamlined academic management.

Education

Government College of Engineering and Leather Technology — 3rd Year - Saltlake, Kolkata

Memari V.M. Institution Unit 1(Secondary + H.S.)—
Memari, Purba Bardhaman

SKILLS

Development Skills —

ReactJS - 8+months Experience
NextJs - 2+months Experience
MongoDb - 8+months Experience
MySQL - 8+months Experience
NodeJs - 5+months Experience
ExpressJs - 4+months Experience

Programming Languages —

JAVA - 1.5+ years Experience
C++ - 1+ years Experience
Javascript - 10+months experience
Typescript - 1+ months Experience

Source Control —

Git/Github - 8+ months of experience

Soft Skills — Leetcode 150+

problems solved, DSA Problem Solver, Adaptability

LANGUAGES
